

Rep. Holt has requested funding for the following initiatives in Fiscal Year 2011 Appropriations. The House Committee on Appropriations next will begin the process of reviewing these requests.

180 Turning Lives Around Domestic Violence Project

180 Turning Lives Around, Inc.
1 Bethany Road
Hazlet, NJ 07330

Amount requested: \$600,000

180 Turning Lives Around is a nonprofit organization based in Hazlet, New Jersey that works to combat domestic violence affecting youth and teens. Funds would be used to expand access to services that prevent violence among youth and teens, and to treat children and teens that have experienced domestic violence and sexual assault or rape.

180 Safe House Domestic Violence Shelter, Monmouth County, NJ

180 Turning Lives Around, Inc.
1 Bethany Road
Hazlet, NJ 07730

Amount Requested: \$1,000,000

The project would pay for design, planning and construction of a new Domestic Violence Safe House. It is a valuable use of taxpayer funds because it would create 60-75 construction jobs, produce a facility capable of housing up to 12 families at a given time, and enhance the services and security provided to them.

Anchorage Transitional Living Program Renovation of Rectory

Anchor House, Inc.
482 Centre Street
Trenton, NJ 08611

Amount Requested: \$400,000

The purpose of the project is to renovate an existing building to provide homeless, runaway, and abused children with stable transitional living quarters. It is a valuable use of taxpayers funds because it would provide local construction jobs, and facilitate the ability of Anchor House to provide at-risk youth in low-income areas with the life skills they need, from the basics of nutrition and laundry, to the intricacies of budgeting, credit and landlord tenant rights, to transition into stable homes, jobs, and educational opportunities.

Anne's Span Bicycle & Pedestrian Bridge over Highway I-95, Lawrence, NJ

Sustainable Lawrence
44 Titus Ave
Lawrence Township, NJ 08648

Amount Requested: \$800,000

Funding would be used for the construction of a bike/pedestrian walkway that will connect two existing pedestrian and bicycle paths currently separated by Highway I-95.

ARC/THE Tunnel (New Jersey Trans-Hudson Midtown Corridor)

New Jersey Transit
One Penn Plaza East
Newark, NJ 07105

Amount Requested: \$200,000,000

Funding would be used for the construction of two new tracks in the Meadowlands, two new single-track tunnels under the Hudson River and an expansion of Penn Station New York under 34th Street, including direct connections to NYC subways at 8th, 7th and 6th avenues, as well as PATH.

Arts in Education Program at the Department of Education

400 Maryland Avenue SW
Room 4W34

LBJ Building
Washington, DC 20202

Amount requested: \$53,000,000

Funding would be used for model arts education programs in schools in communities throughout the country, the professional development of arts educators, and the ongoing national arts education initiatives of the John F. Kennedy Center for the Performing Arts, and VSA arts, a program that ensures that people with disabilities can participate in the arts.

Brookdale Community College - Center for Excellence in Technology, Telecommunications and Econmic Development (CETTED)

765 Newman Springs Rd
Lincroft, NJ 07738

Amount Requested: \$400,000

This funding would allow Brookdale to expand its role in developing and delivering workforce training to meet the needs of incumbent workers, unemployed individuals, and future workers. This Center provides education and technology training to meet the needs of the Monmouth County labor force and promotes the state's 2007 Economic Growth Strategy.

Catholic Charities, Diocese of Trenton

Monmouth Counseling Service/ Child Behavioral Health Collaborative Project
383 West State Street
Trenton, NJ 08618

Amount Requested: \$95,000

Catholic Charities has identified a significant unmet mental health need for children living in low-income and under-resourced areas of Monmouth County. It has begun piloting a cost-effective method of bringing child behavioral health services to these vulnerable children by collaborating with the Counseling Department at Monmouth University. The funding would be used for new jobs to support delivery of mental health services to vulnerable children who otherwise would not receive them and improve the employability of Counseling Psychology graduate students by helping them obtain State Licensure.

Central NJ CNG Bus Rolling Stock

New Jersey Transit
One Penn Plaza East
Newark, NJ 07105

Amount Requested: \$1,800,0000

Funds will be used for the purchase of CNG buses for NJ TRANSIT's use in Central New Jersey. This new equipment will allow NJ TRANSIT to replace older buses with new ones both to improve service reliability and to reduce engine emissions.

Children's Futures, Inc

Securing Trenton Families Health and Development Outcomes
28 W. State Street, Suite 305
Trenton, NJ 08608

Amount Requested: \$400,000

This funding would be used for expanding health access and outreach for children and families in Trenton who will be impacted by the projected closure of the city's largest hospital. Due to the scheduled 2011 closing of Trenton's largest hospital, which is moving to another community, families may lose access to prenatal and postpartum programs (approximately 1,300 deliveries annually in Trenton) and to the hospital-based pediatric express program (which hosted 26,000 visits in 2009).

Clawson House Rehabilitation

East Amwell Township
1070 Route 202/31
Ringoes, NJ 08551

Amount Requested: \$367,000

Funding would be used for the rehabilitation of the historic Clawson House. The reconstruction would complement the 10 years of work that the Township has done to develop a community park in the surrounding area.

Community Based Transportation and Land Use

Municipal Land Use Center at the College of New Jersey
McCauley House
P.O. Box 7718
TCNJ
Trenton, NJ 08638

Amount Requested: \$800,000

The purpose of the project is to assist municipalities in developing local plans and regulations that integrate sound multimodal travel, land development, community design and economic development. It is a valuable use of taxpayer dollars because it would enable to the Municipal Land Use Center to maintain its three professional and two support staff, expand its partnerships with municipalities, government agencies, schools, community colleges, businesses and other non-profits, promote community sustainability efforts, advance land use and transportation planning to decrease greenhouse gas emissions, and drive economic development in the region.

Delaware River Basin Commission Enhanced Flood Warning System

25 State Police Drive
PO Box 7360
West Trenton, NJ 08628

Amount requested: \$250,000

The Delaware River Basin Commission is seeking funding for an Enhanced Flood Warning System.

Delaware River Comprehensive, NJ

Philadelphia Army Corps of Engineers
The Wanamaker Building
100 Penn Square
Philadelphia, PA 19107

Amount Requested: \$400,000

Funding would be used by the Philadelphia Army Corps to continue the Delaware River Basin Comprehensive Flood Damage Reduction Interim Feasibility Study for the New Jersey portion of the Delaware River. The purpose of this project is to evaluate the feasibility of Federal participation in implementing flood damage reduction solutions along the Delaware River in New Jersey.

Delaware River Natural Gas Drilling Study

Delaware River Basin Commission
25 State Police Drive East

West Trenton, NJ 08628

Amount Requested: \$1,000,000

Funding would be used for the USGS in collaboration with the Delaware River Basin Commission and the Nature Conservatory to assess the cumulative impacts of drilling and operate the expected 30,000 natural gas wells in the Marcellus shale formation on water supply, natural landscapes, and water quality in the Delaware River Basin.

Dock and Roll Shuttle Bus Project, Middletown Township

Middletown Township
1 Kings Highway
Middletown, NJ 07748

Amount Requested: \$ 448,000

Funding would be used for the purchase of four new hybrid 14 passenger shuttle vans for the Dock and Roll Bus Service. These will replace poor quality vehicles currently in service operating Middletown's free commuter shuttle service linking the train, bus, and ferry terminals.

East Brunswick Township - Communications Upgrade

P.O. Box 1081
East Brunswick, NJ 08816

Amount requested: \$1,000,000

The Township of East Brunswick is seeking assistance to upgrade its two-way public safety communications system to ensure its compliance with the FCC narrow-banding mandate deadline of January 1, 2013.

East Brunswick Township

Solar Panels for the Municipal Library
P.O. Box 1081
East Brunswick, NJ 08816

Amount Requested: \$500,000

Funding would be used to install solar panels on the rooftop of the East Brunswick Municipal Library. This funding would save East Brunswick taxpayers \$15,000 annually and will allow the township to become more sustainable.

Eatontown Public Schools - eSchool Initiative

5 Grant Avenue
Eatontown, NJ 07724

Amount Requested: \$350,000

The eSchool initiative is an innovative educational opportunity to take students to the next level of technologically-based learning. The funding would be used for the purchase, installation, and operation of a true eSchool environment for the district's Middle School students. This would build on the district's initial investment to implement a Wide Area Network.

Elevated Water Storage Tank, Borough of Spotswood, NJ

Borough of Spotswood
77 Summerhill Road
Borough of Spotswood, NJ 08884

Amount Requested: \$1,718,750

Funding would be used to construct a new Elevated Water Storage Tank for the Borough's Potable Water System. There was previously a tank on the site but it was removed approximately 20 years ago because it was in disrepair.

Frenchtown Borough Police Department - Cameras On Patrol

27 Second Street
Frenchtown, NJ 08825

Amount requested: \$250,000

The Frenchtown Borough Police Department is seeking assistance with the acquisition of fixed video cameras for deployment around the Borough to help combat an increase in vehicle thefts and break-ins.

George Washington Road Improvements, West Amwell, NJ

Township of West Amwell
150 Rocktown-Lamb Road
Lambertville, NJ 08530

Amount requested: \$163,200

Funding would be used for the resurfacing and drainage improvements to George Washington Road in West Amwell, NJ

Georgian Court University - STEM for Women

27 Second Street
Frenchtown, NJ 08825

Amount requested: \$100,000

Georgian Court University is seeking funding to bolster its hands-on training programs for nurses and teachers in the fields of science, technology, engineering, and mathematics to address documented workforce shortages, particularly in nursing and content-specific high school teaching (e.g. physics).

Greater Trenton Area YMCA Trenton Kids on the Move

431 Pennington Avenue
Trenton, NJ 08618

Amount Requested: \$500.000

The program would reverse the childhood obesity trend among low income children residing in Mercer County, serving 200 at-risk youth and creating jobs for the staff necessary to run the program.

Holmdel Town Hall Upgrades

Holmdel Township
4 Crawfords Corner Road
Holmdel Township, NJ 07733

Amount Requested: \$276,000

Funds would be used to replace the HVAC system and install solar panels on the roof of the Township of Holmdel's town hall. This project would create needed jobs in Central New Jersey and would save taxpayer dollars.

Hunterdon County Department of Public Safety Communications Upgrade

P.O. Box 2900
201 Cherryville Road
Flemington, NJ 08822

Amount requested: \$3,000,000

The Hunterdon County Department of Public Safety is seeking funding for the continuation of Hunterdon's migration of its 9-1-1 county wide Public Safety radio system to licensed 470 MHz channels, and to modernize existing VHF systems to support interoperability.

Hopewell Township Emergency Power Generator

201 Washington Crossing Pennington Rd
Titusville, NJ 08560

Amount requested: \$353,000

The Township of Hopewell is requesting federal funding to an emergency power generation system its Police and Public Works departments.

Institute for Advanced Study - Mathematics Education for New Jersey Teachers

Einstein Drive
Princeton, NJ 08540

Amount Requested: \$70,000

The requested funding would allow New Jersey teachers to participate in an annual three-week residential summer program, as well as other professional development activities throughout the year. Through these programs, New Jersey teachers of mathematics will continue to learn mathematics, analyze and refine their classroom practice, and serve as resources to colleagues.

Isles' Center for Energy and Environmental Training (CEET)

Isles, Inc.
10 Wood Street
Trenton, NJ 08618

Amount Requested: \$300,000

The purpose of the project is to construct a model statewide green job training center for unemployed and underemployed New Jersey residents. It is a valuable use of taxpayer funds because it would create jobs in low-and moderate-income areas, stimulate the economy by paying for construction costs, and provide a continuing stream of additional renewable energy professionals to the growing renewable energy field.

Jamesburg Borough Go Green Business Initiative

131 Perrineville Road
Borough of Jamesburg, NJ 08831

Amount Requested: \$276,000

Funding would be used for the Borough of Jamesburg's "Go Green Business District Improvement Project." This project consists of the purchase and installation of twenty solar powered decorative streetlamps in the Borough's business district.

Jewish Community Campus Princeton Mercer Bucks - The Second Century - Building the new Campus

4 Princess Road
Lawrenceville, NJ 08648

Amount Requested: \$1,500,000

The purpose of the project is to construct a new community center, which would provide first class health and wellness, recreational, social service and childcare facilities to enhance the quality of life for residents in the Mercer County Region. It is a valuable use of taxpayer funds because it would maintain and increase local employment in low- and moderate-income areas, create green jobs, stimulate the economy and improve the quality of life of local residents.

Jewish Family & Children's Service's NORC Aging in Place Services Project

Jewish Family & Children's Service of Greater Mercer County
707 Alexander Road, Ste. 102
Princeton, NJ 08540

Amount Requested: \$300,000

The project would develop supportive services to help seniors remain in their community and allow them to age safely and securely in place. This specific funding would allow the project to broaden its reach to Hopewell and Pennington while continuing to expand within the Ewing/Lawrenceville community. Additionally, it would be able to expand research on its

effectiveness and disseminate program findings at the regional and national levels.

Jewish Federation of Greater Middlesex County

Hip Seniors - A Community Life Continuum
230 Old Bridge Turnpike
South River, NJ 08882

Amount Requested: \$100,000

This funding would be used to help seniors remain independent and stay in their current living environment. The requested funding would provide services including education, socialization and recreation programs; healthcare management; career services; and social work services.

Lake Topanemus, Freehold, NJ

New York Army Corps of Engineers
269 Federal Plaza
New York, NY 10001

Amount Requested: \$150,000

Funding would be used for the Army Corps to do an aquatic restoration study of Lake Topanemus in Freehold, NJ. Currently the lake is undergoing eutrophication and if action isn't taken to reverse the process this public asset will be lost.

Lawrence Township Fire Station Upgrade Project

2207 Lawrence Road
Lawrence, NJ 08648

Amount requested: \$300,000

The Township of Lawrence is requesting funding to upgrade the Lawrenceville, Lawrence Road and Slackwood Fire Stations.

Manalapan Brook Watershed, NJ

The South Central Middlesex County Flood Control Commission
Middlesex County Administration Building
75 Bayard Street, Room 230
New Brunswick, NJ 08901

Amount Requested: \$500,000

Funding would be used for the initiation and completion of the Reconnaissance Report to identify potential ecosystem restoration, flood damage reduction, and other opportunities for the Manalapan Brook watershed. This 44-square-mile region includes the municipalities of East Brunswick, Helmetta, Jamesburg, Monroe, Old Bridge, South River, and Spotswood in New Jersey. In 2005, flooding caused extensive damage to the region and required the evacuation of more than 700 families.

Mercer County Public Safety Radio Communications Project

640 South Broad Street
Trenton, NJ 08650

Amount requested: \$500,000

Mercer County is seeking assistance to modernize its county-wide public safety radio system. The project will also allow for communications with agencies in adjacent counties, and will connect easily into the State's Interoperable Communications System that is currently in development.

Mercer County Community College

The Center for 21st Century Science and Workforce Development at Mercer County Community College
1200 Old Trenton Road
West Windsor, NJ 08550

Amount Requested: \$90,000

This funding would support their science department in obtaining equipment needed to increase their offerings in biology, chemistry and human anatomy courses at the James Kerney Campus in Trenton, New Jersey, which is needed due to expanding enrollment. This funding also would allow the College to begin providing innovative workforce development programs for students interested in careers supported by science, technology, engineering, and mathematics (STEM) education.

Mercer County Criminal Courthouse Access Improvements and Pedestrian Safety Upgrades,
Trenton NJ

Mercer County Improvement Authority
McDade Administration Building
640 South Broad Street
Trenton, NJ 08650

Amount requested: \$600,000

Funding would be used for the construction of roadway upgrades and pedestrian safety improvements adjacent to the new Mercer County Criminal Courthouse complex in the City of Trenton.

Mercer County Water Infrastructure Improvement Project, NJ

Mercer County Improvement Authority
McDade Administration Building
640 South Broad Street
Trenton, NJ 08650

Amount Requested: \$275,000

Funding would be used for a wastewater and water quality improvement project that would result in a shared services facility in Mercer County to allow both the County and municipalities to comply with the requirements of the New Jersey Department of Environmental Protection Stormwater Regulation (N.J.A.C. 7:14A).

Middlesex County 10 Year Plan to End Chronic and Family Homelessness

Middlesex County Department of Human Services
Administration Building, 5th Floor
75 Bayard Street
New Brunswick, NJ 08901

Amount Requested: \$300,000

This funding would be used for the implementation of the Ten Year Plan to end homelessness by creating permanent housing with support services and preventing homelessness whenever possible. A Single Point of Entry would screen and assess the homeless and determine the most appropriate intervention.

Middletown Township - NJ Train Station Solar Canopy

1 Kings Highway
Middletown, NJ 07748

Amount Requested: \$635,000

Funding would be used for the installation of a solar canopy on the Township owned portion of the Middletown Train Station Parking lot. This innovative demonstration project would not only save taxpayer dollars for powering the station, it would decrease wear and tear on the pavement, remove the need to plow the parking lot, and protect cars from the elements.

Monmouth County - Children's Advocacy Center (MCCAC)

c/o Finance Department
300 Halls Mills Road
Freehold, NJ 07728

Amount Requested: \$2,500,000

The purpose of the project is to complete construction of the Child Advocacy Center to provide for full co-location of a medical suite, three mental health rooms, including a play therapy room, and additional youth and family services. It is a valuable use of taxpayer funds because it would create construction jobs, enable the facility to receive National Children's Alliance accreditation, and provide much needed services to ensure the security and protection of child abuse victims and their families.

Monmouth University Dynamic Visualization Information Project

400 Cedar Avenue
West Long Branch, NJ 07764

Amount requested: \$4,000,000

The Dynamic Information Visualization Project would enable effective display and rapid sharing of chemical and biological sensor data among tactical decision makers deployed in combat theaters or in homeland defense operations centers.

Monmouth University - Veterans Coming Home Initiative

400 Cedar Avenue
West Long Branch, NJ 07764

Amount Requested: \$250,000

This funding would be used to educate and prepare Masters of Social Work students to work specifically with returning veterans and their families. This ensures that our veterans have access to the social services they need when they return.

Monroe Township Trunked Radio System

One Municipal Plaza
Monroe Township , NJ 08831

Amount requested: \$1,500,000

The Township of Monroe is requesting funding for upgrading the current Township Trunked Radio System installed in 1995.

National District Attorneys Association - National Advocacy Center

44 Canal Center Plaza, Suite 110
Alexandria, VA 22314

Amount requested: \$4,750,000

The National District Attorneys Association is requesting funding for the National Advocacy Center to provide state and local prosecutors nationally with the specific education and training needed to most effectively perform their duty.

National Writing Project

2105 Bancroft Way, #1042
Berkeley, CA 94720-1042

Amount Requested: \$26,200,000

The National Writing Program provides support for a national infrastructure of more than 200 writing projects sites that serve their local schools and teaching communities with high-quality teacher professional development in all 50 states, the District of Columbia, Puerto Rico, and the U.S. Virgin Islands.

New Jersey Association of Conservation Districts - Conservation Technical Assistance in New Jersey

P.O. Box 330
Trenton, NJ 08625

Amount Requested: \$1,200,000

The purpose of the request is to continue an ongoing federal-state partnership to maintain field staff who implement conservation programs which serve urban and agricultural clients by protecting water quality, maintaining and expanding local and farmers markets and supplying them with food grown in New Jersey, and helping sustain agriculture and open space. It is a valuable use of taxpayer funds for the foregoing reasons and because it will create 15 new jobs.

New Jersey Association for Sustainable Agriculture - Fresh Vision for Sustainable Agriculture

23 Lake View Road, Lambertville, NJ 08530

Amount Requested: \$100,000

The purpose of the project is to identify incentives for and promote farming in New Jersey, and re-establish the connections between farmers and their local communities; it is a valuable use of taxpayer dollars because it would create one new full-time and up to four part-time jobs, would increase demand for locally grown foods, potentially reduce greenhouse gas emissions as consumers and producers travel fewer miles to purchase and sell agricultural products, and increase food security.

New Jersey State Agriculture Development Committee

Development of Accepted Management practices for Solar, Wind and Biomass Energy on New Jersey Farms

P.O. Box 330
Trenton, NJ 08625

Amount Requested: \$100,000

The purpose of the request is to fund the hiring of technical professionals to develop agricultural management practices for the installation and operation of solar, wind or biomass energy generation facilities on New Jersey farms. It is a valuable use of taxpayer funds for the foregoing reason and because it would create contract jobs.

New Jersey State Library

New Jersey Works: Partnership between public libraries and One-Stop Career Centers

185 West State Street
Trenton, NJ 08625

Amount Requested: \$250,000

This state-wide project, modeled after the successful South Jersey Works project from 2009, would be used by all New Jersey public libraries to assist them in identifying and locating resources needed by those who are unemployed or underemployed. The funding would be used for developing a comprehensive, statewide, web-based database of governmental and community resources to assist those seeking employment by implementing strategic partnerships with local One-Stop Career Centers and other community and governmental organizations and expanding the services of QandANJ.org (an operational 24/7 web-based service).

New Jersey Technology Solutions Center

1161 Broad Street, Suite 212
Shrewsbury, NJ 07702

Amount requested: \$40,000,000

Funding is required to help the NJTSC expand its operations, which will help preserve jobs in Central New Jersey and also ensure uninterrupted intelligence and communications support to the warfighter. The NJTSC will provide, through business teaming agreements and contract vehicles orchestrated by the Center, a significant employment opportunity for those workers who choose not to relocate to Maryland after the closure of Fort Monmouth.

North Brunswick Township Police In-Car Cameras

710 Hermann Road
North Brunswick, NJ 08902

Amount requested: \$175,000

The North Brunswick Township Police Department is seeking funding to equip its police cars with videocameras to help improve public safety and policing efforts.

Northeast Organic Farming Association of New Jersey

Garden State Sustainable Food Network
334 River Road
Hillsborough, NJ 08844

Amount Requested: \$400,000

The purpose of the request is to create a network to increase farm production and sales both in rural and urban areas, and enhance the development of locally-based and sustainable agricultural operations to increase food security. It is a valuable use of taxpayer dollars for the foregoing reasons and because it would create at least 10-15 jobs.

Plainsboro Township - Community Recreation Center

641 Plainsboro Road
Plainsboro, NJ 08536

Amount Requested: \$1,925,000

The purpose of the project is to convert a library into a recreation to provide general recreational programming for all ages, arts and cultural programs, enrichment and instructional programs, nature and environmental education programs, health and fitness, summer camps, and programs for special populations such as seniors and the disabled. It is a valuable use of taxpayers funds because it would provide needed additional recreation space for a growing community, create 20 to 25 construction jobs, and stimulate the local economy.

PlanSmart NJ - Regionalizing Smart Growth for Sustainability in New Jersey: Creating a GAP MAP

118 West State Street
Trenton, NJ 08608

Amount Requested: \$925,000

The purpose of the project is to create new planning tools, to integrate programs for job creation, affordable housing, efficient transportation, reduction in climate change, and regional equity to benefit low- and moderate income communities. It is a valuable use of taxpayer funds because it would enable New Jersey to re-tool its suburban-style regulations and zoning to support efficient redevelopment and sustainability.

Princeton Township - Princeton Community Renewable Project

400 Witherspoon Street
Princeton Township, NJ 08540

Amount Requested: \$1,000,000

Funding for the Princeton Community Renewable Project would be used for the installation of a 1.5 acre solar field installation at the Community Park Pool parking lot and pool complex to provide electricity to the Princeton Township Municipal Building. This demonstration project would conserve energy, save taxpayers money in the future, and provide an impetus for others in Central New Jersey and throughout the state to take similar initiatives.

Reach Out and Read

56 Roland Street, Suite 100 D
Boston, MA 02129

Amount Requested: \$10,000,000

The funding would be used for Reach Out and Read, a national program that promotes literacy and language development in infants and young children, targeting disadvantage and poor children and families.

Reading is Fundamental

1825 Connecticut Ave. NW
Washington, DC 20009

Amount Requested: \$25,000,000

This funding would support Reading is Fundamental, which enhances child literacy by providing millions of underserved children with free books for personal ownership and reading encouragement from the more than 18,000 locations throughout all fifty states, Washington, D.C., Guam, Puerto Rico, and the U.S. Virgin Islands.

Recording for the Blind & Dyslexic, Inc. - Learning Through Listening

20 Roszel Road
Princeton, NJ 08540

Amount Requested: \$15,000,000

Funding would support Recording for the Blind and Dyslexic, a model for effective public-private sector partnerships, in which a national, largely privately funded organization with a mostly volunteer workforce helps to fulfill federal and state mandates by providing blind and learning disabled students with a simple, cost-effective accommodation.

Route 9 Bus Lane, Monmouth County, NJ

One East Main Street
Freehold, NJ 07735

Amount Requested: \$ 280,000

Funding would be used for the design of a project that will create approximately eight miles of exclusive bus rapid transit shoulder lanes along Route 9 in Monmouth County to allow for express bus service.

Route 29 Boulevard Conversion - Trenton

318 East State Street
Trenton, NJ 08608

Amount Requested: \$5,000,000

Funding would be used for the environmental assessment and preliminary engineering for the Route 29 Boulevard Conversion Project. Authorized as a "High Priority Project" in SAFETEA-LU, this project will convert State Highway 29 from a high speed limited access highway into a safer, full access boulevard, and reconnect downtown Trenton with the Delaware River waterfront.

Route 29 Streetscaping, Lambertville NJ

Friends of Eli Park
6 Coryell Street
Lambertville, NJ 08530

Amount Requested: 240,000

Funding would be used for streetscaping improvements to Route 29 in Lambertville. The

Friends of Eli Park are seeking to create a town center for Lambertville to serve as a centerpiece of community life, destination for recreation and enjoyment, and as a symbol of the city's distinctive character and quality of life. An important part of this effort will be improving the streetscaping along Route 29, the main transportation corridor through the city.

Rutgers University Center for Disaster Preparedness and Emergency Response

83 Somerset Street
New Brunswick, NJ 08901

Amount requested: \$5,500,000

Funding would be used to expand the Center's research and program support activities for state and federal customers, including the U.S. Department of Homeland Security and the New Jersey Office of Emergency Management.

Rutgers University - Cranberry/Blueberry Disease and Breeding, NJ

83 Somerset Street
New Brunswick, NJ 08901

Amount Requested: \$650,000

The purpose of the project is to identify the health attributes of blueberries and cranberries, investigate new and value-added uses, and new and improved varieties; it is a valuable use of taxpayer dollars because it enhances the health benefits of the berries, supports the future of the \$50 million industry in New Jersey, and would preserve important research jobs in the state.

Shrewsbury River Basin and Tributaries, NJ

Borough of Oceanport
222 Monmouth Boulevard
Oceanport, NJ 07757

Amount Requested: \$200,000

Funding would be used to investigate the ecosystem restoration of the Branchport Creek in Oceanport, NJ. The Branchport Creek is contaminated with fecal coliform bacteria and the County Board of Health has determined that the creek poses a serious health threat to area residents.

Shrewsbury Borough

Department of Public Works Vehicle Washing Facility

419 Sycamore Ave.
Shrewsbury, NJ 07702

Amount Requested: \$825,000

Funding would be used for the construction of a service vehicle and equipment wash facility that will contain all vehicle wash waters and direct them to the sanitary sewer system for treatment in compliance with the New Jersey Department of Environmental Protection Stormwater Regulation (N.J.A.C. 7:14A).

South Brunswick Township - Police Department 911 Trunkline

540 Ridge Road
Monmouth Junction, NJ 08852

Amount requested: \$2,000,000

The South Brunswick Police Department is seeking funding to replace its current 911 trunk lines and interface system, which is in excess of 30 years old.

South Brunswick Township - Social Services Program

PO BOX 190
Monmouth Junction, NJ 08852

Amount Requested: \$150,000

This funding would be used for maintaining current staffing of their Social Services Department that serves individuals in the community with proper food, shelter, and essential medical care to individuals struggling with job loss, injuries or illness, domestic violence, or divorce.

Sustainable Jersey

Municipal Land Use Center at the College of New Jersey
McCauley House
P.O. Box 7718
TCNJ
Trenton, NJ 08638

Amount Requested: \$750,000

The purpose of the project is to identify concrete actions that municipalities can implement to make progress toward becoming more sustainable. It is a valuable use of taxpayer funds because it would create private sector jobs in the areas of energy audits and water and energy efficiency, support local employment in low- and moderate-income areas, consume goods and services that support local jobs, and continue to transition municipalities across New Jersey to sustainability.

The College of New Jersey

P.O. Box 7718
Ewing, NJ 08628

Amount requested: \$280,000

The College of New Jersey is seeking funding to modernize its School of Engineering Manufacturing Center by purchasing a multi-axis computer controlled milling machine and a computer controlled lathe.

The College of New Jersey

The Urban Teacher Recruitment, Preparation, and Retention (UTRPR) Program
P.O. Box 7718
Ewing, NJ 08628

Amount Requested: \$160,000

This funding would be used to support professional development and capacity building for new teachers who are interested in teaching in urban areas. This program, building on the College's existing Urban Education Program, would recruit high-quality teacher candidates who have a demonstrated interest in teaching in urban schools; train them for urban contexts; and follow up with graduates for their first two years of practice.

Thomas Edison State College's Mobile Learning Initiative

101 W. State Street
Trenton, NJ 08608

Amount requested: \$1,000,000

Funding will allow for the creation of electronically-delivered course materials to active duty military, wounded veterans and large numbers of adult students who have unreliable Internet access to participate in online courses in a totally offline environment.

Thomas Edison State College

Post Masters Nurse Educator Certificate Program
101 W. State Street
Trenton, NJ 08608

Amount Requested: \$500,000

This funding would be used for the Thomas Edison State College nursing program to encourage nurses to progress from their Bachelor's of Nursing to Master's degree with a school nurse certificate. This would help increase the number of highly-trained school nurses, who now have increasing responsibilities and sometimes are the only health resource for children.

Tinton Falls Library Technology Improvements for Underserved

Tinton Falls Borough
556 Tinton Avenue
Tinton Falls, NJ 07724

Amount Requested: \$100,000

This project request would provide the Tinton Falls Library with the necessary resources to improve accessibility to new technological resources that are essential to serving currently underserved populations at the library. The funding would be used for the Tinton Falls Library principally to make technology improvements to help currently underserved members of the community who face accessibility issues due to certain handicaps, English as a second language or adult literacy impediments.

Trenton YouthStat Program

City of Trenton
319 East State Street
Trenton, NJ 08608

Amount requested: \$750,000

The City of Trenton's YouthStat program is designed to prevent at-risk youth from spending their adult lives as long term, criminal offenders.

Trenton Board of Education - Data Information System

108 North Clinton Avenue
Trenton, NJ 08609

Amount Requested: \$250,000

The funding would be used for a student data system, which is necessary for analyzing student academic data, communicating with parents and students, and storing student information. The present system is outdated and cannot generate needed reports, nor can exchange necessary information with other educational systems.

Trenton Reservoir Cover

City of Trenton
318 East State Street
Trenton, NJ 08608

Amount Requested: \$1,000,000

Funding would provide for the design of a reservoir cover for the City of Trenton's reservoir to protect drinking water supply of approximately 225,000 people from waterborne disease

outbreaks. The proposed improvements will bring the reservoir into compliance with Safe Drinking Water Act requirements.

University of Medicine and Dentistry of New Jersey's Cancer Institute of New Jersey

UMDNJ - Cancer Institute of New Jersey (CINJ)
195 Little Albany Street
New Brunswick, NJ 08903

Amount requested: \$7,000,000

The funding would be used for generating novel approaches to prevent, diagnose, and treat prostate cancer.

Voices of September 11 th - 9/11 Living Memorial Digital Archive

161 Cherry Street
New Canaan, CT 06840

Amount Requested: \$500,000

Voices of September 11th (VOICES) works to preserve in perpetuity the lives lost and the

stories of 9/11 through those who survived. In 2006, VOICES launched the 9/11 Living Memorial Project, www.911livingmemorial.org , an online archive that chronicles the lives of those lost, and documents the inspirational stories of rescue workers, survivors and the response and recovery of corporations and organizations. This funding would be used for outreach programs to the 9/11 community, events, staff costs, and technology required for the 9/11 Living Memorial project.

West Trenton Line Passenger Rail Service Reactivation Project, NJ

County of Somerset
20 Grove Street
Somerville, NJ 08876

Amount Requested: \$2,000,000

Funding would be used for preliminary engineering design to restore passenger rail service on the West Trenton Line. The project would use 27 miles of an existing single-track rail corridor that CSX Rail currently owns/operates (NJ Transit has operating rights) for freight service that runs from Ewing Township, Mercer County to Bridgewater Township, Somerset County.

West Windsor Train Station Parking Lot Expansion and Pedestrian Bridge

West Windsor Township, NJ
271 Clarksville Road
West Windsor, NJ 08550

Amount Requested: \$3,680,000

Funding would be used for the site survey, design, permitting, bid documents and construction of a 560 space parking area and pedestrian walkway for commuters who utilize the Princeton Junction Train Station at West Windsor.

YWCA of Trenton - Trenton Women's Workforce Development and Child Care Center

140 East Hanover Street
Trenton, NJ 08608

Amount Requested: \$335,000

This project would address a dire need among low-income single mothers in New Jersey's 12th Congressional district who struggle to find employment so they can provide for their families. This funding would be used for growing the Workforce Development Center's infrastructure through equipment updates, modernized classrooms and improvements to the day care facility. This targets the needs of low-income single mothers who have difficulties finding jobs that are consistent with their family care responsibilities.
